Welcome! Friends of Jesus Cooperative Preschool has been in operation since 1978. Along with meeting state licensing guidelines, our teachers possess degrees in elementary education combined with years of experience.

We offer a Christian atmosphere where children feel safe to learn and grow. A volunteer board of parents is elected each year to handle the administration of the preschool. Under the guidance of qualified teachers, the parents also assist in the classroom and participate in the child's education program.

The benefits of a cooperative program include: taking an active role in your child's education, close interaction with your child's teacher, and an opportunity to network with other parents.

Our preschool facility is made up of a classroom, playroom, and outdoor combination that allow the children to learn in a variety of settings.

Classroom visits may be scheduled at any time, please call.
